Oil Options

Loriva, long known for its high-quality oils, has been winning honors lately for its roasted peanut oil, sesame oil and garlic oil. Among its other products are walnut oil, a basil-flavored oil, five-pepper hot oil and pumpkin seed oil. The oils are also available in smaller sizes for the Seinfeld cook who doesn't want to commit.

Loriva oils, \$2.59 to \$5.79, at specialty food stores; or call (800) 94-LORIVA.
