bullying in Southern California and beyond. Learn how you can  
stand up to bullying in your community too.**

PeaceBuilders is a science-based, research-validated violence prevention curriculum and professional development program for pre-K to 12. Its essence is a common language -- six principles, taught, modeled and practiced. These same principles set behavioral expectations, reduce aggression, and transform the climate and culture of any environment to one which is cooperative, productive and academically successful.
